Date-23/08/2016

**WORK COMPLETION / PERFORMANCE CERTIFICATE Letter No: Date: 23.08.2016
TO WHOMSOEVER IT MAY CONCERN**

This is to certify that German technology company Green Elephant Engineering Private Limited has supplied two nos. GreenBox2000TM modular, plug and play Anaerobic Digestion plants to Kagal Nagar Parishad in the month of October 2015 for the scientific, compact and hygienic treatment of up to 4000 Kg per day of Municipal Wet Waste.

The company has since installed, commissioned, demonstrated and supervised the operation & maintenance of the GreenBoxTM successfully and uninterruptedly, converting food waste from surrounding areas into biogas and organic fertilizer. The biogas is being used to operate a 65 KVA generator electrifying the connected LED Street Lighting infrastructure that has been installed by the Council.

We are further satisfied that as a result of the Zero Waste initiative of which the GreenBoxTM technology is an integral part, the Kagal Nagar Parishad has been awarded the Skoch National Award 2016 and received nationwide recognition for this model project within "Swachh Bharath Abhiyan". Wishing Green Elephant all the success in their valuable contribution to Clean India, Yours,

मुख्याधिकारी
